WAHOE COUNTY OFFICIAL P

THURSDAY MARCH 23 1875

THE CA SOY LINT.

Through the kindness of Mr. Crawford, Superintendent of the U.S. Branch Mint at Carson, we are able to lay before our readers statistics of that institution for the years 1872-3-4. By reference the increase of business during the past year is apparent. During the year 1872 the gold coinage consisted of 32,110 pieces being worth \$72,399. The silver coinage during the same period consisted of 268,150 pieces, being worth \$150,910.00. During the year 1873 the gold coinage amounted to 34,369 pieces worth \$530,710. The silver coinage 511,513 pieces worth \$302,564.60. During the year 1874 the coinage exceeded in gold \$158,130 pieces, worth \$2,70,675.00 in silver 1,459,017 pieces worth \$41,781.70. The increase during the year 1874 was fully three times greater than during my previous year. The coinage at present consists of \$300,000 in gold and \$20,000 in silver per month and we are informed by the Superintendent that this can only be increased by the enlargement of the building. The monthly deposit amount is \$100,000 in gold and \$10,000 in silver. The bullion amount amounted to in 1872 \$29,000.00 in 1873, \$30,000.00. In 1874 it is than any previous year I expect, hef that it will be increased in 1875 to \$60,000.00.

Bessie Turner

New York March 24

In the Beecher trial to day the cross examination of Bessie Turner was continued. When Tilton took her up stairs to repeat the story about Beecher and his wife they remained until near dark. Counsel attempted vainly to induce her to fix the number of hours they were up stairs. She would only reply two or three hours. She continued. He didn't tell her Mrs. Tilton had confessed to him his adultery with Beecher. If she said so before she must have got the secret from reading the paper and must have been thus taken. She has taken but the case since yesterday but no person suggests to her how to explain her statement made to the Committee. She has talked with Mr. Garrison, M. S. Seward, Mrs. Chapman, Mr. Tilton about it. She was so afraid to tell him so she did not tell him so. Tilton witness ascertained that she saw him kneel on one knee with the other one raised. If she was married could show them his position. She could not distinguish in words he was saying. She might have heard if he had spoken louder. Witness was asked if she told to commit suicide Tilton when he came to his wife vowed he loved her and asked her to come back to his home. She replied she might have but didn't remember. She talked so fast before the committee she got things mixed up. She could not tell from memory all she said to them, she could only say she was trying to tell the truth to them. Witness then repeated almost verbatim her story told in the direct examination of the passage between Grandma Morse and her. In their examination Mrs. Tilton said she had written a letter to her husband and for ever.

hearing a repetition of his charges against his wife and Bessie. The remembrance of being seated in Mrs. Tilton's room talking to her. She was half reclining on her pillow. Didn't remember what was said. In answer she went to say that Mrs. Tilton spoke to her and she got this was after the letter in which was signed. Tilton also told her he and Elizabeth were going to do something for her. They were going to enclose to Sacramento to see her. He said it was the Principal for the school. Witness was given to her testimony at these points before the committee and the record was re-opened but she could not remember much about it. She was questioned about the letter. She was questioned about the letter. She was questioned about the letter. She was asked if she had told her once she was about to visit Brooklyn and see her, witness may have told her she must visit Mr. and Mrs. Tilton—the were such nice people that she would be glad to them—until she knew she would be engaged with Tilton—he was such a perfect gentleman. Witness was further questioned as to her recollection of the letter she had given since she was enough to remember and from

1873 visit appears she had given various parties in New York. Witness was then questioned as to the letter she wrote a fortnight ago. She recited it and some mistakes of course and mistakes of course but then her recollection of it. If he had made an offer or not. Also if I do not think I would put it down. He recited so fast that I did not take the time to observe. It seems to me he recited I see that I can recite a whole tract of two or three times. I think it is him he was reciting to first. I wrote all that he recited. Mr. Tilton recited a sentence from the letter of January 10th 1871 stating that Mrs. Morse had repeatedly offered presents to the store about Boston and that the winter had been passed that the kind attentions shown by Tilton to her was not noticed. Witness stated that this was not true. Tilton recited that the winter and not want to be used by Mrs. Morse to bring trouble on her best friend Mrs. Tilton and her husband and she was asked if that was true. Witness replied that was true.

SAN FRANCISCO March 24
Postal communications with America thus far has given much satisfaction excepting in regard to payment of news letters. At present two cents postage is paid and for every letter and for every request goes by this

mail to the Washington post office that the full sum may be prepaid hereafter.

The United States steamer Lackawanna will start for San Francisco about two weeks after the departure of the Pacific. The steamship China the last vessel will sail across the Pacific her boiler being in such a condition that steam can not be used.

The United States steamer Missouri will be loaded through the winter at Yerba Buena.

A portion of United States diplomatic correspondence relating to Japan has been translated and published in the Y. K. native newspaper. They criticize the fact now made public that Mr. Brigham acted in the interests of Japan upon impossible rumors in the Y. K. and Journal notwithstanding the prompt denial of the truth of the rumors by the Japanese foreign secretary and every American chief coming with the expedition. The rest proved that the rumor in question, which declared the intention of Japan to make war upon China, was entirely without foundation.

The purpose of the Japanese Government to restore coast roads communicated through the Asanai Pass in a dispatch of November last is just been fully manifested. As usual remonstrances have been made by foreigners but without effect. A Japanese proposal here for a fund to do the same.

The Japanese opposition to the Pacific Telegraph and Y. K. in another effort to subdue it went into operation recently. The Pacific Marine Telegraph suddenly declined to pay 12.60 per cent. The Japanese Company then imposed 1 per cent less than the Pacific. The latter can not successfully compete as the Government is pledged to support the new line. The proposals which had been made for the sale of all Pacific Mail Telegraph Company's branch and the trust of a business is not likely to be accepted as the Japanese Company are already well supplied.

FOR PRESIDENT—Secretary Fish has been tendered the mission to England but has declined. If he discovered that he intends to become secretary for the President and expects to contract with Senator Cinkling for the support of New York State.

SPRING—The first of April is the 100th anniversary of the birth of George Washington. The purpose is to have a grand meeting in New York before the 22nd of March.
